Election Platform

I am seeking re-election and would be honoured to continue to serve membership, building on the progress made during my first term. With your support and Council's collaboration, I will remain focused on initiatives that serve every APPI member:

- I established and currently chair the APPI EDIA Working Group, collaborating with committed APPI members to develop the Institute's inaugural EDIA policy. In my second term, I'm dedicated to implementing this policy with a thoughtful and pragmatic approach, strengthening APPI as an equitable and inclusive regulator.
- I have been a strong advocate for equitable access to APPI programs and services for northern, remote, and rural members, including those in the Northwest Territories and Nunavut. I'm proud that Council has recognized this as a key priority in the 2025-2029 Strategic Plan. In my second-term, I am committed to transforming this Council priority into concrete actions, ensuring every member feels connected, supported and included no matter where they are located.
- Through my work with CIP, PSB, and PTIAs like OPPI, I have built strong relationships and I'm committed to using these connections to drive meaningful collaboration and initiatives that bring value to APPI members. As a member of the PSB Ethical Standards Sub-Committee, I will continue to advocate for APPI at a national level.
- As a member of Council, I played a key role in drafting the 2025-2029 Strategic Plan. I am uniquely positioned to support its successful implementation, ensuring APPI remains resilient, inclusive, and member-focused.
